Discover Judaism: through our historic Victorian synagogue

Step inside Scotland's oldest purpose-built synagogue for an unforgettable journey into Jewish life. Try on religious dress, explore sacred spaces and symbols, discover the Torah's importance, investigate Jewish food laws in the kosher kitchen, and experience how Jewish beliefs and values are brought to life through festivals, Shabbat, and community practice!

During the visit students will:

- Gain an understanding of the beliefs, values, practices and traditions of Judaism through... (RME 1-04a):
- **Trying on religious dress (optional)**
- **Exploring the synagogue features and symbols**
- **Examining the importance of the Torah**
- **Investigating the kosher kitchen.**
- Develop understanding of key values of Judaism, explaining how they are put into action in Jewish people's lives and communities. For example, through festivals, observance of kosher food laws and observing Shabbat. (RME 1-05a)
- Develop their knowledge of Judaism and their awareness of the practice of Judaism in Scotland. (RME 1-04b)

Each visit includes a Q&A session to deepen understanding.

For primary pupils, we offer a fun art worksheet to help them connect with the space.

For secondary pupils, we delve into the operation of the synagogue, Jewish festivals, and the real-life application of Torah teachings—bringing Judaism vividly to life!
